

# NEW DRAMA FOR MIPCOM 2018

6 x 1 hr for UKTV & POP

## Flack

Anna Paquin (*True Blood*, *X-Men*) is Robyn White, a flack: a PR agent who promotes, publicises and protects high-profile clients in the vortex of a modern media-led society. But it's Robyn's life that drives *Flack*, the PR world is just the backdrop that presents this complex character with a variety of murky dilemmas. She's either running damage limitation or acting as a psychiatric nurse to her fragile, infantile clients. While her life tiptoes around the glamour of celebrity and the dark underbelly pervading that world, she's trying to be a better person – she's just worried she doesn't have a better version inside her... Created and written by Oliver Lansley (*Whites*) and directed by Peter Cattaneo (*Rev*).
