**TINIE TEMPAAH AND NAOMI SCHIFF JUDGE BRITAIN'S BEST
BANGERS FROM THE GOLDEN AGE OF THE AUTOMOTIVE INDUSTRY**

BANGERS MAD FOR CARS

Tinie Tempah and F1 analyst and stunt driver Naomi Schiff look at the cars from the 70's, 80's and 90's making a comeback.

Motors like the Ford Sierra Cosworth, Peugeot 205 GTI, and the Citroen Saxo were all part of the landscape decades ago, but are now enjoying a renaissance. Your mum's school run motor is now a hipster's dream, fetching tens of thousands of pounds at auction. Car enthusiasts know them as 'modern classics.' Tinie and Naomi have christened them 'Bangers.'

Each week they look at a different category: hatchbacks, sports cars, 4 x 4's and family cars. Naomi and Tinie go head-to-head to decide which is the best in class. With the help of car lovers all over the UK, they will delve into the performance, history, culture and iconography of each car – before the final challenge to decide which comes out on top.

Bangers: Mad for Cars is a celebration of the music, fashion, news and celebrity which are all evoked by the memories, new and old, of our cars.
